

VC participates in Change for Miles

Hunter Perret and Cheryl Landry (Far Right) stood with students who donated their loose change to donate to the Miles Perret Cancer Services for cancer patients and research. The students' commitment to our community is paying off for people fighting cancer in Acadiana. Halie Winch, standing fifth from the end on the front row, was the student winner of a free limousine ride for her and three friends to lunch at a local restaurant. Each student who donated a bottle of change was entered into the drawing.
